Gladwin Glad Gardens

January, 1937.

Dear Friends:

Most of you will know that I alone am sending out these lists this year as Mr. Kinyon passed away very suddenly, February 26th, 1936.

At first it seemed that I could not go on with the work but when the Gladiolus bloomed and the seedlings were so beautiful, these seedlings into which we together had put so many years of our life, I knew this was my work and in it I have found comfort and am hoping they may go out to give pleasure to many.

This year I am offering two new ones and with these I have grouped all the Kinyon originations by themselves with date of introduction, description and blooming dated, from 1927 to 1937.

Thanking my many friends for the letters of comfort, these did much to give me courage to go on.

Very sincerely yours,

(Mrs. George) MARY KINYON.

LEGION TRIAL GROUNDS REPORT

Sept. 18, 1936.

SO BIG planted 5/25 bloomed 8/14 (81 days). 48" tall, 22 buds, 7 5½ inch flowers open. Heavy straight spike, broad upright healthy foliage. Well placed blooms. Damaged this transporting to State Show but won a second with this. Only had one bulb so consider this good.

HONOR planted 5/25 bloomed 8/18 (85 days), 44" tall, 18 buds, 7 5 inch flowers open. Slightly ruffled. Straight spike, willowy to medium. Narrow drooping healthy foliage. Excellent spacing and facing. Very good lavender, and (will be in demand better known.)

NANCY ANN, planted 5/25 bloomed 8/16 (83 days), 40" tall, 20 buds, 6 open 4½ inches. Ruffled. Straight heavy spike, broad upright healthy foliage. Excellent facing and spacing. Believe this will be popular. (Won 1st at Wisconsin show from a single bulb in bloom.)

JOAN PETY planted 5/30 bloomed 8/24, (83 days). Height missed, 18 buds, 7 open 4½ inch. Ruffled. Straight heavy spike, similar to above. Medium upright foliage. Will make a good pink.

Signed: E. A. LINS, Service Officer,

Legion Trial Grounds.

Hillman, Mich., January 9, 1937.

I was exceedingly well pleased with Seedling No. 324, Ogemaw. It was a very tall salmon pink with a cream blotch, growing well over five feet. It had 24 buds with 8 florets open. I believe that in a normal season the performance will be ever better.

Signed: Albert J. Schmalzer, M. D.

KINYON ORIGINATIONS ♦ New for 1937

CHEERFUL (No. 431)

(Decorative) (Landscape) Early Midseason

Clear light red with clean cut white blotch. Spike tall, straight and medium slender with eight or more blooms open at one time. Placement good and keeping quality of the best. Always stands erect. Ruffled. You will like this one.

As No. 431 this was a blue ribbon winner in the Decorative seedling class at A. G. S. show, South Bend, 1935.

Bulbs No. 3 or larger \$1.00.

OGEMAW (No. 324)

(Exhibition) Late midseason

Color deep salmon pink with cream blotch. Most blooms lightly flaked with smoky blue. Sometimes comes without flakes. This is one of the tallest Glads in our garden. Six or eight large wide open blooms at one time and the spike is long and straight. Blooms of heavy substance and blooming large to end of spike.

Bulbs No. 3 or larger \$1.00.

Note: We have held this until there was enough stock to make these prices possible.

INTRODUCTIONS FOR 1935

Each one a winner at M. G. S. show, Detroit, 1934

JOAN PETY (Exhibition) (75 to 80 days) Pure pink with small markings of violet on cream in lower petals. Six to ten or more perfectly placed blooms open at one time on tall and always straight spike. Frilled.

Bulbs each. Large \$2.00, Medium \$1.00.

NANCY ANN (No. 408) (Decorative) (Commercial) (80 to 85 days.) Light lavender pink blending slightly deeper at edges of petals. Lower petals marked cream. Six perfectly placed blooms (with lightly frilled petals) open at one time on an always straight spike.

As seedling No. 408 this was winner of a first at M. G. S. show, Detroit 1934 and again as Nancy Ann at A. G. S. show South Bend, 1935.

Bulbs each. Large \$2.00, Medium \$1.00.

*ROSE STANDISH (No. 432) (Decorative) (Commercial) (about 75 days). One of the loveliest shades of clear light rose-pink blending lighter in throat with tiny violet markings on lower petals. Five or six wide open beautifully ruffled blooms of good size, well placed on straight, slender spike of 18 or more buds.

The buds of this variety are very beautiful with their delicately ruffled edges.

Price each. Large 20c, Medium each 15c.

SO BIG (No. 458) (Exhibition) (80 to 85 days). Deep rose-pink with violet feather on lower petal. Six to eight immense blooms open on tall, straight spike. Outstanding.

Price each, Large \$3.00, Medium \$1.50.

INTRODUCTIONS OF 1934

HONOR (Exhibition) (Commercial) (80 to 85 days.) Clear lavender with dustings of self color on white in lower petal. About six blooms open at one time with good placement and straight spike. We have found the color always clear both in the garden and as a cut flower.

Winner in lavender class at A. G. S. show, South Bend, 1935.

Price each, Large \$1.00, Medium 50c.

RUSTY (Exhibition) (Commercial) (75 to 80 days). Color is made up of very fine lines of scarlet and yellow which give an effect of orange. Lower petal marked yellow. Six or eight large wide open blooms of good placement on 18 to 20 bloom straight spike.

Price each, Large 35c, Medium 20c.

ALAYNE (No. 461) (Dec.) (Com.) Midseason. Beautiful rose-pink with Tyrian Pink pencil marks on white throat. Won an Award of Merit at A. G. S. show, South Bend, Ind., 1935 and the stock was sold to Elmer E. Gove, Champlain View Gardens, Burlington, Vermont. According to promise made at time of this sale I will not list "Alayne" at this time.

Kinyon Varieties of Other Years

With date of introduction and blooming dates

DR. MOODY (1927, 80 to 85 days). Light lavender with fine penciling of darker shade. Tall spike with many open. Well grown, one spike is a bouquet in itself.

Large (2 for .12) (10 for .50) Medium (10 for .30).

MARY LOCKWOOD (1928, 80 to 85 days). Shell pink with scarlet lines on lower petals. Tall spike with many large blooms open at one time. Spikes from large bulbs are apt to crook.

Large (2 for .12) (10 for .50), Medium (10 for .30).

*RESPLENDENT (1928, 85 to 90 days) Creamy pink blending to rose-pink at edges of petals. Intensely ruffled. Many good sized perfectly placed blooms open at one time on tall straight spike. Novelty.

Large (2 for .12) (10 for .50), Medium (10 for .30).

FAITH (1929, 85 to 90 days). Soft blue similar in shade to Heavenly Blue and the color does not fade. Wide open blooms of good substance and perfect placement on always straight spike. Does not do well on heavy soil. Best from young bulbs.

Large (2 for .12) (10 for .50), Medium (10 for .30).

MARY VAN (1929, 75 to 80 days). Tall clear pink with tiny markings on lower petals. Many blooms of good size, substance and placement on straight spike of about 20 buds and blooms. Good commercial or exhibition variety.

Large (2 for .15) (10 for .60), Medium (10 for .35).

*MARY MARIE (1930, 80 to 85 days). White with edges bordered as though embroidered with rose-pink. Small dark red markings on lower petal. Tall straight spike with five to seven perfectly placed blooms open at one time. Size 3½ inches. Novelty.

Large (2 for .12) (10 for .50), Medium (10 for .30).

*BABY BETTY (1931, 80 to 85 days). Small decorative. Cream blending to light pink at tips of petals. Graceful, slender spikes with from four to six small rosebud type blooms open at one time. Just a darling baby Glad which you will love.

Large (2 for .12) (10 for .50), Med. (10 for .30).

*STATELY LAVENDER (1931, 85 to 90 days). Pale pinkish lavender. Long spike with ten or more well placed blooms open at one time. Distinct from other lavenders.

Large (1 for .12) (10 for \$1.), Med. (10 for .60).

JULIA SELTZ (1933, 85 to 90 days). Light pink with markings of violet. Twelve to fourteen perfectly placed blooms open at one time on tall slender spike. Always straight.

Large (1 for .10) (10 for .80), Med. (10 for .40).

*MAJOR GLADWIN (1933, 80 to 85 days). Dark scarlet-red with a velvety tint of orange over the entire bloom. Blend of deeper red on lower petals. Five or six wide open blooms on straight spike.

Large (1 for .10) (10 for .80), Medium (10 for .40).

Note: The varieties marked with * will be found in "LEGION TRIAL GROUNDS REPORT" as printed in (The Glad Grower.)

BABY BETTY

GLADWIN GLAD GARDENS ♦ 1937

Please read Terms before ordering

TERMS: At these prices we prepay delivery on orders for \$1.00 or more to any part of the U. S. You may order 5 bulbs at the 10 rate.

Where possible will quote on larger amounts to be shipped F. O. B. Send a list of the varieties wanted.

If you do not find listed the variety you want, write us about it as we have many varieties in too small quantities to list but could spare a few.

Every precaution is taken to produce clean, true to name bulbs. Any bulbs that prove not true to name will be gladly replaced. There will be no substitution of variety without permission.

(For an order anywhere in this list amounting to from \$3.00 to \$10.00 you may select 10% extra in bulbs.) (For an order amounting to from \$10.00 to \$20.00 you may select 15% extra in bulbs and in addition to this we will send your choice of one bulb, either Cheerful or Ogemaw.)

These extra bulbs are only given on orders amounting to \$10.00 or more.
